“ Sending my condolences to the Becker family. Betty was such a good neighbor and wonderful "walking partner" with my mom. They shared many times strolling with their dogs through Millikin Woods. Sending prayers for peace for your family.

“ Grandma was always there for me, and I know for all of us. She was generous with her love and her time. The rock of our family, she provided a loving and welcoming home where every Holiday was celebrated and memories were made that we'll cherish forever. She was my biggest champion- always supportive, encouraging, inspiring and caring. She loved Jesus and her Bible and would often quote a verse to me if I called her going through a tough time. No matter what, after you visited with her in person or hung up the phone you'd always feel better. So many times I would call her to say I was worrying about something and she'd always gently remind me that 'worrying is like a rocking chair, it gives you something to do but doesn't get you anywhere.' We would share a good laugh over it. When I needed my faith renewed or when I was scared about a situation she'd often quote -Jeremiah 29:11: For I know the plans I have for you," declares the LORD, "plans to prosper you and not to harm you, plans to give you hope and a future.' Chris and I work together since we've been married and she would always be encouraging saying 'you make a great team-don't you forget it.' Grandma was that person in our lives who believed in us as people and wanted us to pursue and live our dreams-then call and tell her all the details! When I was in my 20's we'd drive up from Nashville to stay with her and I just remember I'd wake up early with her in the mornings, make some tea, she would be drinking her coffee and we would sit and talk for hours at the table while watching the birds come and go from the feeders, pointing out every time we'd see a cardinal. The time I had with her I will always cherish-I knew time spent together was special. She's gone now but the way she made me feel and all of the memories live on in my heart and soul. I will miss her terribly each day, yet each day I will celebrate her life, thanking God that I was so blessed to know her. Thank you Grandma for everything. You know I love you to eternity and back.

“ She told me to "remember the good times". I'm so Blessed she gave me so many! Even on her final days, she was wiping away my tears. My favorite memories will always involve grilled cheese, cookies and a welcoming seat at her table.
