“ We are distant cousins of Leota, since Virg's mother was Leota Inloes Otto. Trish's mother Freda Headley was also a resident at Westover and both Leota and Freda and Trish (when she visited) attended the bi-weekly painting class. Leota was a beautiful artist. When she felt good and attended class, she was a delightful person to be with and we always admired her work. She had a bright smile that lit up the room when she joined class.
