“ I was one of Mark's nurses at The Woodlands of Hamilton. It was my pleasure taking care of this sweet gentleman. He always had a beautiful smile on his face even when he didn't feel like smiling .,,he would smile at me with them kind eyes, the same eyes that he shared with his daughter. During one of our daily chats he learned I was a dance instructor when I was much younger. He promised me he was going to get stronger so we could have one dance. The sad thing is he never got strong enough nor did we have that dance but If Heaven has ballroom dancing and when it is my turn to go Be with God I will gladly stand in line and wait My turn for the dance he owes me. Mark you sure hold a special spot in my heart. I am so sorry for the family's loss. I wish I would have know when the services took place so I could show my respect and gratitude to him and his family.Bobbie you were such a great daughter always being there with him if it was feeding, helping, visiting or just loving him. I never got to meet your brother but he would let his voice be known with Mark's care. He was lucky to have you children that cares so much as two did. This will be harder before it gets better but just know you all done everything you could and should have. God Bless you all.
