“ Our deepest condolences to her loving family. "Mimi", thank you for welcoming me into your heart and home. Thank you for your warm hospitality and spoiling me. You made me feel like part of the family. We shared a love of her wonderful family, Downton Abbey, faith and a good joke now and then! (Mr Turtelle). She opened her home and heart to my family as well, welcoming my in-laws into her home when there was a family emergency. For that alone she deserves a special place in Heaven! So many special memories of a true lady. She made the world better place. Love you Mimi. 💔 You will be missed.
