“ Barbara was my basically my second mother, even let me live with her for a little while while I was nearly in danger of homelessness. Her sons were my best friends so I naturally got very fond of Barbara. Hearing her fast and sudden decline was truly heart breaking and Im upset that I will never be able to repay the kindness and support she has given me over the years.

“ Barb was always a friendly, smiling face. She talked to me every time she came into my room, and a lot of times, it made a rough day better. She was such a hard worker, and loved what she did!! I will always appreciate her kindness, and everything that she has done. She was SO loved by the students and the staff, and we will miss her terribly!!

“ *Just beyond gutted. We became instant best friends from the moment we met in 9th grade and all thru high school. She was also my fellow bandmate at Taft, our playing trumpet in concert band & marching side by side every year. She was kind & caring with such a big heart. I am so grateful we were able to reconnect after so much time apart. The connection was just as strong and she was still the same old Barb I always knew & loved. Her smile and laugh were simply contagious.*

My condolences to Steve, the sons she adored beyond all measure and her family. The world is a little darker today but there is a new shining star in the night sky. I will hold my precious memories of my friend for all of my days.

“ *She was loved by the staff and students. She had a very difficult job as an educational assistant. Mike Burns, the Custodial Supervisor was so impressed with her work that he recruited her to become a custodian. She excelled at every task because she cared for everyone. My condolences to her beautiful family, all of her colleagues, and her many friends.*
