“ I added photos of both of us from 1977, the year we lost our unborn baby. I will forever miss the family we should have been.

“ I am sad to just be finding out about Brian's passing. Brian and I dated during high school and I loved him. We spent many summers together. My grandparents lived across the street from him and I usually spent the summers at their house so that is how we came to know each other. He even bought my grandparent's house at 1036 Franklin St. when they moved farther out of town. I hope it's not too late to send my condolences to his daughter, Meghan, and to the rest of his family and friends. I know he is missed.

“ Brian and his mother were our neighbors and first people we met when my family moved to hamilton in 2012. He was always nice and would say hi to us every time he had a chance. If we ever needed anything he was always there to help. He was a good man and will be missed.

Our condolences,
Rose, April, and family.

“ This is such a shock to me, I hardly know how to express my thoughts. Haven't seen Brian in about ten years. He visited our place of business, Bentleys Auto Service every Friday for about fifteen years selling his Matco Tools.

We all became friends with him. Megan he was so happy the day you were born, he always called you Megs. He said he would put you in his truck and bring you to meet me. I am so sorry for your loss. Brian I can't say good- by to you today , just so long until I meet you again: RIP. Thelma Bentley, Middletown Ohio.
