My dear friend Brian, i grew up with and around you my whole life. There was times i never seen or spoke to you for spells of time. But yet we always reunited and carried on as good friends. Man we both ran rocky roads in our lives but we both lived good. Dont seem real as this whole year of loss adds up. Rest in peace my friend. You as our friend Kelly will never be forgotten!

“ *My love and prayers go out to Travis, Stacy and their kids. I’ve always considered Brian my family. I will never forget that long plane ride to Oklahoma with him to see Travis graduate from basic training. I got to help Brian through the experience since he’d never flown before and he had a leg brace which made it even more fun getting through security. Then there was the fascination with the prairie dogs! I’m sad that he’s gone too soon, but I know he’s now free of pain and rejoicing in heaven with his dear friends and loved ones.*
