“ Dear Matthew and Catica,

*We came to know Chastidy through her great leadership at the Alpha Pregnancy Center where her compassion for women facing tough times was put into action. She was so gracious and strong and her love for others has made a big impact in a challenging city. We celebrate her legacy with you and wish you peace and comfort in this great loss.*

*All the best,  
The NIFLA Team*

“ *I remember meeting Chastity in the infusion center at UCSF, where my spouse was also receiving treatment. We got to chatting because we were both nonprofit executive directors. Her energy and love for her husband and daughter were so vibrant, I know that love will live on, even as her body took its final rest. May she be remembered. May you all be comforted.*

“ Matthew, we are heart broken for your loss of dear Chastidy on this earth. Like others here, we can look back and remember fun times with you and Chastidy playing board games with us and being kind to join us on hikes and even camping. Chastidy's testimonies were a beacon proclaiming God's presence through the difficult times and the victorious ones. She was radiant. Her faithful and passionate dedication to mothers in need has left this earth richer and her legacy lives on in many. Love, Clara and Eric

“ We are so sad about this as our parish Mater Dolorosa Catholic Church along with the Knights of Columbus Council 14818 has given many times to Alpha Pregnancy Center. She was always so helpful and grateful for all those that gave. She will be sorely missed and we all thank her for her hard work and sacrifices she made for all the families she helped which were not only teenagers, but married couples, too. She was such a kind soul.

*May perpetual light shine upon her soul forever.*

“ Chastidy was an inspiring woman who would visit our church many times on Mother's Day and share her heart with our congregation. I've worked with her at San Francisco Christian School and seen her deeply involved with the wonderful work of Alpha Pregnancy. Sending many prayers up for Matt and Catia.

“ *Feeling Heartbroken. I met Chastidy when I started to volunteer at Alfa Pregnancy center. She was warm, welcoming soft spoken and kind from day one. She taught me how to be a better Christian woman, she was always beautiful and full of life. Chastity through her work saved many unborn babies and led many woman to Christ, I remember one time we were in prayer and she cried out " ABBA Father " we just began to weep in the spirt, since that day when I am deep in prayer I call out to my Abba father. Thank you lord for blessing me with knowing such a truly remarkable woman.*

*Love you always Chastidy*

“Chastidy was the former Executive Director here at Alpha Pregnancy Center in San Francisco. She served for seven years during a time when the ministry moved from a small organization with a lot of flux to a stable and effective community presence that ultimately realized her incredible dream of becoming a licensed medical clinic. Along the way, she cultivated personal relationships with countless clients, touching their lives in so many ways. She also mentored numerous volunteers and staff members, including our current Executive Director and Nurse Manager. She developed new programs and services for the center (while expanding existing ones) and created long-lasting professional relationships with churches and other clinics. She was a powerful spokesperson for the gospel and the sanctity of life in San Francisco, a gifted speaker at churches, a teacher at San Francisco Christian School, and an advocate at various other pro-life forums. We weren't surprised when she received the 15th annual St. Gianna Molla award for pro-life heroism, and they described her as one of the "most respected and admired people in the pro-life movement." We are deeply grateful for her service to Alpha and the light and hope she brought to this city.

*Above all, though, Chastidy was a joy-filled person who loved Jesus and shared the hope and life she found in Him fearlessly and generously. Our hearts go out to you, Matthew and Joe, and your families. We send our love and continue to lift all of you all up in prayer. “ *Chastidy was a teenager when I met her, but she was already a faithful servant of God. She was a beacon of light and hope. She was the most beautiful and Godly woman I knew. What a gentle and loving soul. I was blessed to have known her and to have counted her as my friend. Praying for her earthly family as they continue without her.*

*Chastity was truly a woman after God's heart. I volunteered for her in 2010 to 2011 at the Alpha Pregnancy Center. I admired her way in using the word of God to save babies lives from abortion. God used her in many ways to also help provide for these babies with food, clothes, strollers, and so much more. I just observed to see how loving, giving she was. My heart aches right now, but I know that we should never question the Lord why. All I know is that we should always thank the Lord for sending Chastity to save little lives, and souls from abortion, and for being an amazing example to others. She is with the Lord now, another angel in heaven.*

“ Chastidy was an amazing woman. She was young and vivacious and lived life to the fullest. I met Chastidy at the Regional Pregnancy Clinic Directors quarterly meetings. She was a light this old world will be missing. I know she's with the Lord, but she will be dearly missed by her fellow Pregnancy Clinic's statewide. WE love you Chastidy and are praying for your husband and little girl. We will meet again! Sincerely, Brenda Dowdin/Exec Director. Women's Resource Clinic, Chico, Ca.

“ Chastidy was such a light to me during my pregnancy, and a friend. She has the most beautiful heart, and so pure in her intentions of living life for the lord. I was encouraged during every interaction with her, and her presence was bright, so funny, and solid in the lord. We are praying with your family during this time-

“ You and Matthew **STRONGLY** encouraged us to go on a honeymoon...so we booked the trip. You pointed me to Alpha when expressed how I needed a crib for Carly...she now sleeps in her beautiful crib every night. A third of Carly's outfits are from Catica. We got to watch one last game at Oracle...you could've thought of anyone else but you thought of us. You and the fam have done so much for our little family and I am just so honored to have had time with you❤️❤️❤️ Love you!!!!

“ There are a handful of people that enter your life in such a way that you can only attribute to God. Chastidy was one of them. God placed her into my life during a time that I needed a friend the most. She was one of those people who just loved people. You know those hard to love people, she loved them...not just through words, but also through actions. You couldn't help but see Jesus in her. I am blessed beyond measure to have been able to call her friend. While so many of us prayed that God would make you better, He decided to do one better and make you perfect.

“ Chastidy, thank you for being a role model for me! I am blessed to be one of your students in China Camp in 2002. Thank you for secretly and boldly sharing the gospel with me in China and keeping on praying for me. Your prayers have been answered in 2006 and my salvation testimony have encouraged many missionaries in Asia. Thank you!

“ Chastidy squeezed every last drop of the life she was given. What an example to all who remain. We will meet again! Death is now but a shadow thanks to Jesus who conquered death for us. As Abraham Lincoln said “And in the end it’s not the years in your life that counts, it is the life in your years.”. Well done good and faithful servant. ❤️🙏❤️🙏❤️🙏. “ It was a pleasure to have known Chastidy for a short time. She was a strong and passionate person for God and His kingdom. I had the privilege of creating some videos with her for the ministry of APC. We pray that God would continue to comfort and guide the ones she leaves behind.
