“ Clay will be greatly missed! I'll miss him stopping in my office and telling me stories, or hearing his music down the hall in the evenings or the summer before you could see him. He was such a kind soul. That smile of his would always make you wonder what he was thinking, and if he told you, you were laughing too! I live a couple doors down the street and we used to talk about the wildflowers in the yard. He could name every type of flower and he really enjoyed doing that. I used to work in the band concession stand and I'd make sure he had something to eat and drink. He was so loved here at EHS. I'll miss you friend.

“ Clay was assigned to my room at EMS the first few years that I got into teaching. He was always so kind and willing to help me with whatever I needed. After school he would walk through and sweep my room while he talked about his children and what they were doing in life. He will be missed! Condolences to all of his loved ones.

“ *Clay Mannix you will truly be missed and never forgotten. I am heartbroken and can't believe you are really gone. You were not just my co worker you were my friend. We have worked together for many years.*

Work will never be the same without you. It is going to be difficult walking in everyday knowing you won't be there. I will miss your music 🎵 in the hallways. I will miss your little pranks and you trying to push my buttons to get me to argue back with you, even when you drove me nuts sometimes. I will miss that smile when you were up to no good. I will miss you telling us it's time to go home even if we had hours left in our shift. I will miss so much. You truly were a really sweet and kind hearted person. Rest in peace my friend.
