*I am sorry for your loss Diane. I love this picture of your parents. It showed up in my Ancestry hints just today and then I looked up your mom and found the obituary. 96 years is a long life and I am glad your mom and dad can be together again.*

“ *Diane I only met your mother once ,an she seamed to be the sweetest lady. But my feeling of funerals is to pay homage to their living loved ones. You my Dear are a special lady giving your mother love an comfort up to her passing. To many people now just shuffle their parents off an leave them with no communication. Bless you*
