“ We had a great trip to Memphis several years ago that always brings back great memories. We hit all the sites including Beale Street. I was born in Little Rock and hadn't been back to my former house since 1959. Herbie drove us over so I could see it again. Super fun trip. We will always remember his kindness. Moe and Jan Huffman

A great friend, Herbie will be missed by a lot of people. Golf, pitch, gin, Chatterbox guys. What I liked most about Herbie was that he ran his own railroad. He did what he did when he wanted to do it. I will miss him.

I first knew Herb when I was a teacher at Taft and he was a student. He was a good student, well liked and enjoyed a wide circle of friends. Then about 20 or so yrs ago he purchased the condo next to us on Stephanie Dr. He proved to be a great neighbor in our community who was always willing to assist where there was need. We spent many talking about our memories of Taft High School, and especially about sports, especially the Reds and Bengals. Anytime the coach or manager made a decision that didn't turn out well, he or I could have done a better job. Herb was missing two limbs but the never deterred him. And I never head him make one complaint. He always amazed me. I knew that he had some health issues for which he was being, but I expected him to return home at any time as he always seemed to do. His passing schooled us and we are greatly saddened. I will miss those sessions with him where we talked sports and agreed that either of could have done a better job of managing the Reds or coaching the Bengals. We express our most sincerest condolences to his many close friends, and especially his family he loved so dearly.

We are the Steve and Rusti mentioned in the obituary. I am his first cousin, 2 years older, and Rusti is my wife. My early teenage years is indebted to him and his family as my mother put me on the train from Chicago to spend the summer at their house. His older brother, Stuart, was, I think, 4 years older than me. Anyways, so many fond memories, most of all playing wiffle ball for hours against each other in the back yard. I don't recall one argument. We were intending to visit him after the recent accident, but that regrettably turned out to be too late. We will try for the Celebration of His Life on Sunday, if we can get over our colds and other aging problems to drive from Milwaukee. Thanks to all his friends and family who enhanced his life despite his major medical problems.
