“ Meme will always have a special place in my heart. She was instrumental in restoring our grand friend program at Westover. She was our classes special friend. She came over and shared music, stories, parties and Christmas programs with the children in my class. She even helped me clean my room last summer. School and especially my classroom, will not feel the same without her. My heart is broken but I will always cherish the memories and will think of her every time I read a story to the class. No doubt she was special and clearly touched many lives.

“ June was our family neighbor for 30 years. I loved her laughter, her accent and her master gardener expertise. Such a sweet soul and always watched over her neighbors. Her fur babies kept her moving on daily walks and brought her such joy. RIP June, you were a one of a kind gem. Thank you for being my friend and my neighbor. Hugs and love to the entire family. “ Jeanette, Judy, Jennifer and families;
I truly hope June knew how much she meant to so many of us. I value every moment I was blessed to spend with June. I cherished her advice and loved her sense of humor. June was a tremendous blessing to all of us at Westover and her passing has left a tremendous void in our hearts.
I loved June dearly and will always remember and miss her.
