“ *The Music Cafe had the pleasure of hosting Kevin solo and also accompanied by Barb. Always a highlight of the show. While Kevin and Barb performed numerous times at the MC, he also joined the volunteer staff to add his support effort to share his music, and the music of other musicians. His music always was a big hit. Your enthusiasm, talent, and energy will be missed.*

“ *Kevin was such a fun guy and great musician. Shared many laughs and good times when he and Barb would play in front of my booth at the Hamilton Farmer's Market. He will definitely be missed.*

“ *I will always remember Kevin trying to teach this 'paper trained' flute player how play improvise and play for a pit orchestra in high school. Pretty ironic considering my genetics. He has blessed many with his love of music. I count myself lucky to be one. Godspeed, my friend.*

“ *Kevin and I were friends all through high school. We both worked at Tom's Cigar Store and shared many good times together. Even then he was a great musician. (He played at my sister's wedding in 1975 at the Oxford Formal Gardens). I will always remember him for his kind and helpful spirit. My condolences to the family.*

“ Kevin was a talented musician like his brother Brian. I feel blessed to have made music with both of them. Rest in Peace Kevin. I know Brian was there to greet you as you arrived in heaven.
