“ I'm so sorry for your loss. When I started teaching at Wilson in 1982, Lou Ann was a such a kind, caring, and helpful presence in the office. When I was being "set up" with my future husband who was working at HHS, she and the other secretaries from both buildings talked to make sure we were both good enough! I lost touch with her when I moved buildings, but never forgot how she made my first years at Wilson so much easier and more enjoyable.
