“Kathy will certainly be missed. She was our SNAP Rep for our food Pantry.

We loved her being with us at the food Pantry. I loved listening to her talk about her life, and her deceased love. Together again.. I'll always love and miss you Kathy.

“Aunt” Kathy was so many things to us as we grew up. My mom’s best friend, our biggest support system as we grew up and so much more! She loves to laugh, loves her kids and all of the grand babies. I hold all her family in prayer. Rest Easy, Auntie! I love you so much and my heart aches for the big loss many people will feel. I will see you again some day! Your Becky Ann. Jacki, your girls and grands and I will keep your memory and help others remember you! I love you. ❤️

Jacki Cox-Lovins...you know I'm flooded with the best of the best loving memories of Aunt Kathy...I am truly flooded with tears of happiness when I think back on the past and even the recent memories of her loving me, supporting me, Just "Being there" for me always....I'm honored that we had such a wonderful relationship thru the years ..many many many years..she was a true and trusted friend to Mom , Mary Lou Beaver ..even thru Moms recent struggle with dementia..and always held my hand thru this and many of my life's challenges...I shall truly truly hold her in my heart and never forget these memories...please know I pray for you and my extended family through this time of need. I close in telling you you all something Aunt Kathy always shared with me...from the time she actually taught me to shave "Upwards" [ true story]...to the many times she told me to look upwards in times of uncertainty...I've carried that message with me and always will!!!! I love you all and know I am there in spirit! Amber Dart Kailee Lovins Anthony Angel

“ *Kathy was a good friend, her and the boys we grew up together. Back in the 60s and 70s we always stayed in touch. We were like family. Will miss her smiling face. God Bless the family. Love you Big Sis.*
