“ Suzanne was a smart, well-traveled, assertive woman and I'll miss my friend. I enjoyed talking with her about Alaska and other travels and knowing how much she loved her pets, especially little Chloe. Life had become difficult due to kidney failure but Suzanne was not one to complain and she down-played her health problems, which must have helped her to enjoy each day that she was given.

*You're now in God's loving hands, Suzanne, with no more worries or pain. You'll be missed.*

“ How we wish we could be present with Leah and your family to honor you, Suzanne. Alas, New England is so far from Ohio, but thoughts travel great distances! Suzanne, you will be remembered as a feisty woman who knew how she felt and never failed to tell her sister just what she thought! These past few years have been hard because of your kidney condition and the wait for a transplant ... how we wish you'd made that milestone! Fate has dictated another path for you and boy, will we will miss you. We know you have moved on to discover the solution to the great mystery ... be well and step out into the great beyond. We love you, Suzanne!

“ *Suzi was a great person to work with. Harold and I worked with her at Franklin Monroe during the 1970's. She was always full of laughter and Harold and her use to enjoy teasing each other. My favorite memory of her room was when we spent a night at school because of a snowstorm with a total of 90 kids. Suzi and I slept on chairs in her room with the 5th and 6th grade girls. It was the most uncomfortable bed we ever slept on! I will always remember that night - April 8, 1973.*

*We had lots of fun and laughs with Suzi in the lunch room and at team meetings. We were so sorry to hear of her passing. Take care and know she was loved.*
